Lasting choices with PPG architectural coating systems

PPG’s full line of advanced liquid coatings offer a combination of performance and value for virtually any architectural application. PPG manufactures several brands of architectural liquid coatings that, together, cover all three major AAMA performance specifications for architectural coatings.

Color and styling services

PPG has a growing inventory of over 300,000 color formulations and a global staff of color and design experts. All 102 colors on this color card are stocked and available on request. To learn more about how to make PPG your single-source supplier of architectural liquid coatings or to order color cards, literature or sample panels, visit ppgmetalcoatings.com or call 1-800-258-6398.

A global partner

PPG is a pioneer supplier of coatings solutions. Through global leadership in innovation, sustainability and color, we help customers in the automotive, aerospace, industrial and construction segments to enhance surfaces in more ways than any other company. Founded in 1883, PPG has its global headquarters in Pittsburgh, Pennsylvania and operates in more than 70 countries around the world.

Our global manufacturing and product development capabilities ensure that coatings can be manufactured cost-effectively and consistently almost anywhere in the world. We have strategic locations throughout North America, South America, Europe and the Asia Pacific region, each staffed with knowledgeable sales, technical and manufacturing personnel trained in multiple coating technologies.

Color and styling services

This guide shows in-stock Duranar, Duranar Sunstorm and Duranar XL colors. Ask your PPG representative if custom matches are available for Duranar XL and Polycron coatings.

TO ORDER SAMPLES visit ppgmetalcoatings.com or call 1-800-258-6398.

Custom colors may be ordered on request.
